2.03 Creation of a Direct Financial Obligation or an Off-Balance Sheet Arrangement of a Registrant

On April 30, 2013, Air Products and Chemicals, Inc. (the “Company”) entered into a three-year dollar equivalent \$2,500,000,000 revolving credit agreement with a syndicate of banks (the “2013 Credit Agreement”), under which senior unsecured debt is available to both the Company and certain of its subsidiaries. The 2013 Credit Agreement provides a source of liquidity for the Company and supports its commercial paper program. The Company unconditionally guarantees the payment of all loans made under the 2013 Credit Agreement to its subsidiary borrowers. Amounts outstanding under the 2013 Credit Agreement may be accelerated for typical defaults, including the non-payment of amounts due under the 2013 Credit Agreement, the non-payment of material judgments or debt obligations and certain bankruptcy events. The Company’s only financial covenant is a maximum ratio of total debt to capitalization.

The 2013 Credit Agreement terminates and replaces the Company’s existing \$2,170,000,000 revolving credit agreement dated July 8, 2010, as subsequently amended (the “2010 Agreement”). No borrowings were outstanding under the 2010 Agreement at the time of its termination and no early termination penalties were incurred.

As of the date of this filing, no borrowings have been made and no material direct financial obligations have been created under the 2013 Credit Agreement.
