

## **Air Products Announces Price Increases for Polyurethane Catalysts**

September 5, 2007 3:33 PM ET

Air Products today announced that, effective October 1, 2007, it will be increasing prices for Dabco TEDA based catalysts by 5–10% in all geographic regions. The company also will be increasing prices for other select Polycat amine catalysts and tin metal based catalysts by 5–10% on a regional basis.

**NOTE:** This release may contain forward-looking statements. Actual results could vary materially, due to changes in current expectations.
