A Message from John McGlade, Airgas Proxy Notification, 13 May 2010

I want to provide you the latest update in our offer to acquire Airgas, which I was unable to share with you during yesterday's Chairman's Talk since it wasn't yet public. Today, we've taken the next step towards successfully completing this transaction by nominating three independent and highly qualified nominees to stand for election to Airgas' Board of Directors at Airgas' 2010 annual meeting. By doing so, we are providing Airgas shareholders a real voice, through their votes, as to whether the Airgas Board should engage with us. This important step is consistent with our commitment to bringing our offer to a conclusion as soon as possible.

Our nominees for election to the Airgas Board are John P. Clancey, Robert L. Lumpkins and Ted B. Miller, Jr.:

- John P. Clancey has more than 22 years of experience as both CEO and Chairman of complex international businesses, and 16 years of experience serving on the boards of large public companies across a range of industries. He is currently Chairman Emeritus of Maersk Inc. and Maersk Line Limited, a division of the A.P. Moller - Maersk Group, one of the world's largest shipping companies and the former Chief Executive Officer and President of Sea-Land Service, Inc.
- Robert L. Lumpkins has more than 40 years of significant operational, management, financial and governance experience from a variety of positions in major international corporations, covering both developed and emerging countries, and service on public company boards in a wide range of industries. He is currently the Chairman of the board of directors of The Mosaic Company, a producer and marketer of crop and animal nutrition products and services, a position he has held since the creation of the company in October 2004. Mr. Lumpkins is former vice chairman and chief financial officer of Cargill Inc., a commodity trading and processing company.
- Ted B. Miller, Jr. has extensive executive, financial and governance experience as a founder, significant shareholder, executive officer and director of both start-up companies and large public companies. Mr. Miller is the former Chairman and Chief Executive Officer of Crown Castle International Corp., a wireless communications company he founded in 1995 that currently has an equity market capitalization in excess of \$10 billion. We are confident that if elected, these three individuals will be committed to acting in the best interests of all Airgas shareholders and will give our offer for Airgas the consideration it deserves.

We are also seeking Airgas shareholder support for three additional proposals, all of which will help ensure that the current Airgas Board will not be able to continue to ignore the interests of their own shareholders. In summary, these proposals would limit the ability of the Airgas Board to re-seat directors not elected by the shareholders; require future Airgas annual meetings to be held in January, with next year's annual meeting held on January 18, 2011; and repeal any new amendments to Airgas' bylaws adopted by the Airgas Board before the 2010 annual meeting without shareholder approval.

All of our shareholder proposals will be voted on at Airgas' 2010 annual meeting, which Airgas has stated it expects to hold on or before September 17, 2010.

We continue to believe that only through a combination with Air Products can Airgas, and its shareholders, realize the certain, immediate and substantial value of our cash offer. Our all-cash offer of \$60.00 per share, a 38 percent premium above their last trading value prior to the offer, remains on the table, and we will continue to take all necessary measures to complete this deal.

As promised, we will continue to keep you informed as new developments occur. You can look for these on CorpNEWS as they happen. For more information regarding this transaction, including full biographical information on our director candidates, I encourage you to visit www.airproducts.com/airgasoffer.
